

Project Confirmation Certificate

This is to formally acknowledge that the following student(s) from K.R. Mangalam University have successfully undertaken and completed an industry-based project under our mentorship, in alignment with the stated objectives and requirements of our organization.

Project Details:

- **Project Title:** Online Payroll Management System
 - **Domain/Technology Used:** PHP, MySQL, HTML, CSS, JavaScript
 - **Industry Use Case / Business Problem Addressed:**
The project "Online Payroll Management System" focuses on simplifying and automating salary calculations, payment disbursements, and record management for freelance and contract-based employees.
The **Salary Payroll App** allows users to store detailed payment records, track salary disbursements, and ensure compliance with payment standards for freelance workers. The system features both **Admin** and **Employee (Freelancer)** panels.
In future updates, features like **automated salary calculations** and **real-time payment tracking** will be included to enhance user experience and system functionality.
 - **Use-Cases:**
 - a) Small businesses and startups managing multiple freelance workers
 - b) HR teams needing digital tools for contract-based payroll management
 - c) Freelancers looking for salary record transparency
 - **Expected Outcome/Utility of the Project in Our Organization:**
 - a) **Automation of Payroll Processes:** Minimize manual efforts in salary processing.
 - b) **Accuracy and Transparency:** Reduce calculation errors and maintain transparent records.
 - c) **Time Efficiency:** Speed up the payroll management cycle.
 - d) **Data Security:** Secure storage of sensitive employee salary information.
 - e) **Future Scalability:** Easily integrate advanced features like tax management and real-time notifications.
